

GILA INNER LOOP SUPER TOUR DESCRIPTION

Come with us on a beautiful ride through the Gila Inner Loop. Enjoy wide-open vistas and riding through the pine forests. Are you fit & fierce? Hammer it or just cruise it? Questions about your fitness or ability to make the ride? Ride what you can...we'll collect you whenever you like. This ride is for everyone and the fun doesn't stop with just riding.

This tour is a two-day bicycling adventure geared for riders of all fitness levels. This tour will begin in Silver City, NM and end in Silver City. We pedal the Gila Inner Loop Scenic Byway, which has some moderate to steep ascents and descents through the Gila National Forest and crosses the Continental Divide two times. The altitude ranges from 5,800 to 7,500 feet and the terrain varies from arid rolling hills to evergreen forest. Motor vehicle traffic is low which makes for a pleasant ride. After leaving Silver City, we will pedal through historic Pinos Altos, past Signal Peak, the Ben Lilly Monument and on to Lake Roberts. We spend the night in the Gila wilderness at Camp Thunderbird. The next morning we ride down the Mimbres River valley, past the Chino open pit copper mine, and back to Silver City.

TOTAL MILES

Total ride is 73.5 miles (approximately 40 miles Saturday, 33.5 miles Sunday).

OPTIONAL MILES

Enjoy a 40-mile round-trip to the Gila Cliff Dwellings and Indian Ruins where you can experience a 1,550-foot pass with a challenging descent into the Gila Gorge to view the ruins. The view at the top of the pass is spectacular.
