

NMTS Policy

Topic: Memorial Gifts or Donations

Date: September 2013

Policy:

- In the event of the death or serious injury of an NMTS member, there is often a question of whether NMTS should use club funds for a gift or memorial donation in memory of the member.
- NMTS policy is that a gift or donation shall be considered only in circumstances where the member's serious injury or death occurred as a direct result of participation in an NMTS ride or tour.
- If appropriate, the gift or donation amount shall be determined by the NMTS Board of Directors.
- This policy is in no way intended to discourage individual NMTS members from making personal gifts or donations as they see fit.
